Real Opportunities

01 GET TOKENS

Get free AIST tokens equal to your USDT deposit/upgrade amount (Single claim per deposit)

02 BUY TOKENS

Buy AIST tokens from the platform at live price (1 USDT = 100 tokens initial price)

03 HOLD & GROW

Token supply reduces with system growth and token sales, increasing token price over time.

04 USE IN ECOSYSTEM

Use AIST tokens for upcoming features, rewards and platform utilities.

05 CONVERT TO USDT

Convert AIST tokens to USDT (only for active users with copy trading active).

06 GREATER VALUE

As the community grows, utility increases and supply reduces, the token price moves higher.

AIST TOKEN DETAILS

	Token Name	AIST TOKEN

	Initial Price	1 USDT = 100 Tokens (0.0100 USDT per token)
	Listing	Website only (Initial Phase)
	Public Launch	1 USDT minimum (Top Exchange)
	Price Model	Dynamic (price increases as supply reduces and system grows)

TOKEN PRICE GROWTH MODEL
